facturing Firm. Boston, Aug. 29 .- The Congressional Committee investigating into alleged violations of labor and immigration taws resumed this morning. Daniel Banby, of Lawrence, testified that he was an Englishman, and was induced to come to America by an advertisement signed F. H. Johnson. He wrote to Johnson, who offered him and five children passage to America, and promised larger wages. He was to be employed at Graniteville, Mass., by Abbott & Co. Johnson was an agent for Prince, Smith & Co., and John B. Bolles & Bro., who were the men really

violating the laws. Witness thought there were thirty-five people in the party which sailed for America, all procured by Johnson. When he arrived at Boston the witness was examined by a doctor, but no officer asked bir: if he came under contract. The party were taken to the Cunard office, where they were asked to sign a document whose nature witness did not know. Witness signed it and then went to work. Abboti & Co. did not keep their agreement and witness left. Three of his children coul not work here because they were unde twelve years of age. Witness was not paid as much as he was promised by Johnson. Danby wrote Johnson about it, but was asked in effect what he was going to do about it. The witness believed Abbott & Co.had been systematically importing labor. Seven-eighths of the population of Forge Village, where witness was, is imported labor, and the tenements in which employes are forced to live are not habitable. Johnson told witness he wanted English help because of labor troubles in this country, and he thought English families would settle down and bequiet. Witness is now earning \$2 per day as a wool sorter. He thought wages were better here than in England, but living

George Foster, a blacksmith, came to this country with Danby, and gave similar testimony. In the Cunard office a paper was read to the party, and they were made to swear they had not been biased by Abbott & Co. in coming here. Witness when he reached Ford Village was given but \$1 a day. Witness was asked several time to pay his passage money, but he refused and warned them not to deduct a cent. Witness now gets \$2.25 per day. He got eight shillings per day and five days' work

The committee declared the hearing closed and returned to Washington.

A Motor Accident at Philadelphia-Sallors Drowned-Also Three Children-An Obio Collision.

Pelladelphia, Aug. 29.-The motor car of the railway on the South Side ran away yesterday morning and was completely wrecked. Several persons were on the car at the time and were quite badly injured. The car was coming down the steep grade on Ninth street, when the speed suddenly increased and the engineer lost control of the brakes. The train sped with lightning rapidity to the bottom of the hill, where it jumped the track and plunged into a telegraph pole. The motor was twisted and broken, and the cab smashed into kindling wood. The car was hurled into a ditch at the side of the road. Mrs. Herron was terribly cut about the head, face and body. She is unconscious, and is believed to have sustained internal injuries. Mrs. Heinrich was cut about the head and body. but will recover. Charles Morgan, Mrs. Elizabeth Stewart and Mrs. Elizabeth Moore, the other passengers, sustained painful cuts and bruises, but were able to return to their homes unaccompanied. Engineer McGibbiney jumped from the cab when he saw that the collision was unavoidable, and was badly hurt. Conductor Smithe was also slightly injured from jumping. The cause of the accident is atthe sprocket wheel, and being unable to stop the motor by the use of the brake. One of the passengers claims that the engineers claims that the engineer did lower the sprocket wheel, as he heard him do so. SAILORS DROWNED.

STE. FLAVIE, Que., Aug. 29 .- On Saturday last the steamship Bratsberg, coal laden, on her way from Sydney to Montreal, struck a rock at Cape Chattee and was damaged considerably. She was headed for the shore at once to keep her affoat, and went aground on Saturday night near Ste. Felicite, nine miles below Matanee, from which place Captain Neilson telegraphed on Sunday to Quebec for assistance. A fearful storm sprung up on Sunday night and the captain was forced on Monday to abandon the vessel, taking off with him two lady passengers. The crew of seventeen men were left on board. They remained until morning, when the steamer began to break up. They took two small boats, but soon after leaving the steamer both boats were upset and afteen of the sailors were drowned. Twelve bodies have been recovered. An inquest has been opened. The assistance telegraphed for from Quebec had not reached the wreck

THREE CHILDREN DROWNED. HYANNIS, Mass., Aug. 29.-A boating party consisting of George Barnard and his two sons, Fred and George, Mrs. C. Smith and her two daughters. Bertie and Edua, Miss Jennie Nover, Stella Hallett, Edward Cromell and Clifton Bradford, all excepting Mrs. and Misses Smith, of Hyannis, started out yesterday for a day's sail. When about three miles from the shore the boat was struck by a squall and capsized. The schooner W. H. Lewis, of Chatham, was in the vicinity and sent boats to the rescue. They succeeded in rescuing seven persons, all of whom were in an exhausted condition. But Bertie

DURIFY YOUR CAUTION BLOOD.

But do not use the dangerous Alkali and Mercurial preparations which destroy your nervous system and ruin the digestive power of the stomach. The Vegetable Kingdom gives us the best and safest remedial agencies. Dr. Sherman devoted the greater part of his life to the discovery of this reliable and safe remedy, and all its ingredients are vegetable. He gave it the name of

Prickly Ash Bitters!

a name every one can remember, and to the present day nothing has been discovered that is so beneficial for the Blood, for the Liver, for the Kidneys and for the Stomach. This remedy is now so well and favorably known by all who have used it that argument as to its merits is useless, and if others who require a corrective to the system would but give it a trial the health of this country would be vastly improved. Remember the name-PRICKLY ASH BITTERS. Ask your druggist for it.
